## TABLE of CONTENTS

Dear Mrs. Moore,  
We would like to express our appreciation for the help you have given us during our years at Fort Knox High School. In your job as secretary you have never failed to aid the students as much as possible, and to keep the office running smoothly.

It is in an effort to thank you for your unending devotion and faithfulness to our school, that we dedicate our annual to you, Mrs. Moore.

The Senior Class  
of  
1939

Among the most cherished privileges enjoyed by those of us who live in the free world is the opportunity to receive a good education in fields of our own choice. The keystone of our educational structure is the high school; I am proud and happy that you have graduated from a school which is widely acknowledged to be one of the best.

Knowledge cannot be bought across the counter of some bargain basement. It is in such splendid institutions as the Fort Knox High School that the seeds of knowledge and good citizenship are sown. The building of character, moral fibre, religious consciousness—blended with knowledge—transform the youth of today into the great of tomorrow.

I salute you, young men and young ladies of the Class of '59. I pray earnestly that the future will bring you full measure of happiness and success. God bless you.
